

Year 8, 9 & 9/10 Home Learning – 12th Oct to 25th Oct 2026

<u>English</u> The Last Human on Earth Imagine you wake up one morning and discover you are the only person left on Earth. What happens next? Challenge Include a plot twist. Use symbolism to represent loneliness or hope. Success Criteria: Create atmosphere. Explore thoughts and emotions. Use descriptive language effectively.	<u>Maths</u> Spot The Maths Find examples of maths in everyday life. Examples might include: • Sport statistics • Banking • Shopping discounts • Travel timetables Challenge Which example has the biggest impact on people's lives? Explain. Success Criteria Find at least 10 examples. Explain the mathematics involved. Evaluate how maths helps people make decisions.
<u>Science</u> Most Important Scientific Discovery Choose what you believe is the most important scientific discovery ever made. Examples: • Vaccines • Electricity • DNA • Antibiotics Challenge Explain what life might be like if this discovery had never happened. Success Criteria Explain the science behind it. Explain its impact on society. Justify your choice.	<u>Humanities</u> Who Deserves to Be Remembered? (History) Choose a person from history who you believe deserves greater recognition. Challenge Explain why some historical figures are remembered more than others. Create a case for why your chosen person should be studied in schools. Success Criteria Explain who they were. Describe their achievements. Justify why they should be remembered.
<u>PFA</u> Cleaning Help someone else tidy or clean a room in your home. Use the vacuum cleaner, mop the floor or dust and polish. Challenge Find out how much the average electricity and/or gas bill is for a month. What uses the most energy?	

Monotropic Minds (this can take more than two weeks if you want)

Make a PowerPoint presentation or poster (using Canva or draw it yourself) about one of your interests.

Challenge

Find out some interesting facts about one of your interests and make a presentation or poster about it.
