

Dear Parents and Carers,

We hope this email finds you and your family safe and well.

During these unprecedented times we need to ensure we are looking after ourselves both financially and emotionally. We understand that parents may be facing different pressures at this time.

Lighthouse School have collated some information, regarding where to go for support and help in a number of areas, which you may find useful. From help with paying energy bills to updated opening times and contact details for the Citizens Advice Bureau, Age UK, Leeds City Council Community Hubs and Council Tax departments, plus many more. Also, a full update from the DWP, including Universal Credit. Please see the attached documents for details.

*If you live in a different authority to Leeds, please check your council website for similar information.*

Unfortunately, it has been brought to our attention that a number of scams are currently circulating, taking advantage of the current climate. Please read the attached flyer on how to spot these scams and keep yourself safe.

We will be uploading these documents and other support information to the school website in the parent section for easy access.

We hope you find this information useful. Thank you, once again, for your support.

Stay safe and take care.

Emma Sullivan

Principal
